MATRIC RESULTS 2023

To Catholic High Schools in the Archdiocese of Durban.

It gives me great pleasure to write to you and to sincerely congratulate every one of you for the successes enjoyed by our Catholic High Schools over this last period of matric examinations.

I have been informed that overall, our pupils did exceptionally well, with the majority receiving bachelor's degree passes and some receiving diploma passes. I have also been informed that some of our schools have maintained their 100% pass rates, and this deserves special mention and particular congratulations.

To our principals and teaching staff, who through their many sacrifices contributed so much to helping our students overcome every adversity on the path to success, may you be richly rewarded as you share in their moment of joy and celebration.

To our parents, I thank you for your support, for having chosen Catholic Education to be the vehicle that helped provide your son/daughter with the very best of what can be offered for their holistic development.

To our students, I would like to offer you encouragement, and blessings, for the next phase of your lives as you prepare to enter universities, or the working world. May you carry with you, beyond your academic success or sporting accomplishments, the virtues and values taught at our schools. May each of you in every way embody to the world what it needs most in this time – love, care, mercy, compassion, generosity, understanding, peace, and joy.

Finally, being aware that for some, the 2023 matric results may not have been all that they had wished or expected, having been let down by a poor mark, or underperformance. I say to you, do not be dismayed, nor disheartened, for this world is full of wonderful opportunity, and my prayer for you is that you are blessed with much courage and determination for any future endeavors.

Congratulations class of 2023!!

+ MSJwara
